REVISED ASSERTION PETITION UNDER 37 CFR 1.28

Requesting Change in Entity Status to Large Entity
for 1st, 2nd, and 3rd Maintenance fees previously paid
(correcting Assertion previously filed August 24, 2012)

A Notice mailed October 22, 2012, was received from the Office declining to accept the earlier Assertion filed in regard to the above patent on August 24, 2012 (copy attached), which requested acceptance of a fee deficiency submission under 37 CFR 1.28. This Revised Assertion is filed to correct the deficiencies in the earlier Assertion as identified in the aforesaid Notice.

All 3 maintenance fees for the above-referenced patent were filed in the small entity amount with no deceptive intent, upon information and belief. It has now been discovered that, upon information and belief, the patent owner was not entitled to small entity status at the time that all 3 maintenance fees were paid. The patent owner therefore respectfully requests that the US Patent and Trademark Office change the status from small entity to large entity.

Below is the Itemization of the Deficiency Owed, this deficiency having been paid on August 24, 2012, along with the filing of the earlier Assertion:

1. First Maintenance Fee:

- (A) The first maintenance fee rate for a non-small entity on August 24, 2012, was \$1,130.
- (B) The first maintenance fee was originally paid at the small entity rate of \$455 on July 15, 2004.
- (C) The deficiency amount owed was **\$675**.

2. Second Maintenance Fee:

(A) The second maintenance fee rate for a non-small entity on August 24, 2012, was \$2,850.

(B) The second maintenance fee was originally paid at the small entity rate of \$1,180 on June 16, 2008.

(C) The deficiency amount owed was **\$1,670**.

3. Third (Final) Maintenance Fee:

(A) The third maintenance fee rate for a non-small entity on August 24, 2012, was \$4,730.

(B) The third maintenance fee was originally paid at the small entity rate of \$2,365 on August 15, 2012.

(C) The deficiency amount owed was **\$2,365**.

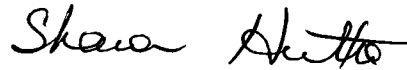

The total deficiency payment owed was \$4,710 (\$675+\$1,670+\$2,365=\$4,710). This total amount was paid on August 24, 2012 via Deposit Account number 080719. The Patent Office gave each of the 3 maintenance fee deficiencies (\$675, \$1,670, and \$2,365) a fee code of 1599.

It is believed that no further fees are required, but in the event that further fees are required, the Director is hereby authorized to charge any additional fee(s) required and to credit any overpayment to Deposit Account Number 080719.
